We need to remember this if/when we get Texas projects that there may be forms that the State will need for their rules (even though we don't) that they can put in the GSDT for their own needs when doing a dual review.

Hi Ken,

The team at Hackberry Carbon Sequestration has completed a UIC-60 CCS form for the LDNR Office of Conservation. We plan to upload it to the EPA GSDT under the Project Information Tracking module and wanted to notify you as well since your team is currently reviewing the application. Please let us know if you have any questions or requests regarding this submission.

Thanks,
Theresa
